Kousalya Sathyamoorthy

Full-Stack Developer | 4.4 YOE | Immediate Joiner

kousalya.contact@gmail.com | 9150799380 | LinkedIn

Technical Skills

Languages: JavaScript, Java, SQL

Frontend & Backend: React.js, Node.js, Hapi.js, Express, Typescript , RESTful APIs, JWT (Authentication), HTML/CSS.

Database & Cloud/DevOps: MongoDB, MySQL, AWS (S3, EFS, CloudWatch, SNS, CDK, SDK, GuardDuty), Docker, Git, GitHub Actions, Jest

Experience

Senior Software Engineer, **Incedo – Chennai** Oct 2025 – Feb 2026

- Designed and developed backend services using Node.js and JavaScript, building RESTful APIs for packet-loss monitoring and telecom data analysis systems.
- Built validation scripts and conditional processing modules in JavaScript (ES6+), enhancing reliability and reducing operational effort.
- **Technologies Used :** Node.js, JavaScript, React, REST APIs, Git.

Senior Software Developer | Module Lead, **Unifo Private Ltd – Chennai** Aug 2022 – Oct 2025

- Led end-to-end development of Audit Report, Warehouse Master, and E-Waybill modules using React.js (frontend) and Node.js (backend), designing and consuming RESTful APIs, implementing business logic, and integrating MongoDB for efficient data modeling and querying.
- Implemented AJV schema validation and optimized heavy data processing using Node.js worker threads, improving API accuracy by 60 % and reducing processing time by 70%, while ensuring reliability through Jest testing and GitHub Actions CI/CD pipelines.

  Key achievements in Unifo Pvt LTd

  - Promoted to Module Lead within 2 years at Unifo, recognized for proactive leadership, ownership, and consistent on-time delivery.
  - Successfully led the development of version 2 of my module, making it bug-free within 3 weeks, and consistently earned appreciation for completing tasks quickly and with high quality.
  - Took responsibility for the Warehouse Master module the following year, recognizing my proactive work style, planning ability, and the trust placed in me by the team.
- **Technologies Used :** React.js, Node.js, JavaScript, MongoDB, AWS, REST APIs, GitHub, Jest, Agile.

Java Full Stack Developer - Intern, SmartCliff Solutions – Coimbatore Nov 2021 – Jul 2022

- Built a full-stack mini project for alumni database management using Java, Oracle DB, and console and web interfaces, gaining hands-on experience in both front-end and back-end development.
- **Tech Stack :** HTML, CSS, JavaScript, Java, SQL.

Education

Dr. N.G.P Institute of Technology, Coimbatore Jun 2018 – Apr 2022

B.Tech Information Technology, CGPA: 7.5

Projects & Professional Development

Identification of Fabric Shade and Design

- Developed the frontend interface for a fabric pattern and shade identification system, enabling image upload, result display, and voice output integration.
